Red Youths Attacked In Germany Anti-Communists Rout Opponents In Street Battle

HELMSTEDT, Germany, May 31.—(AP)—Milling thousands of Red-baiting residents of Helmstedt fought pro-Communist German youths in the streets last night.

The anti-Reds were victorious. Their opponents—members of the Communist-controlled Free German Youth (FDJ)—began a truce after their blue shirts were ripped from their backs and heaped on bonfires along with their blue flags.

Delayed violence. The violence broke out in the massive Communist Wilhelm rally finally erupted in this battle zone town. It was the first disorder stemming from last Saturday's show of strength by the Communists in Eastern Berlin.

The trouble began when about 2,000 FDJ members from western Germany fought themselves temporarily marooned here due to lack of transportation on their homeward trek from the Berlin rally.

With the slogans of their Communist leaders still ringing in their ears, the F.D.J. youths confidently marched from the railway station to restaurants loudly singing the "Internationale."

"Tonight, out to drive to witness the influx of the highly publicized Bluebirds, responded with 'Deutschland Unser Allen,' the former German anthem. The singing changed to jeering—then to fighting.

Out of town. Battered and beaten, the outnumbered F.D.J. members promised to leave their Bluebirds behind—or as many of them as they still possessed—and get out of town promptly if their opponents would guarantee their safety. No arrests were reported.

For a time Helmstedt's blacked-out streets around the main lobby of F.D.J. youths in a park near the railway station. A small group of about 40 or 50 were huddled in a restaurant.

Police escorted the group from the restaurant, and the youths began to drift away from the park. Then a number of special buses began arriving without notice. There was no interference as the Bluebirds assembled abroad.

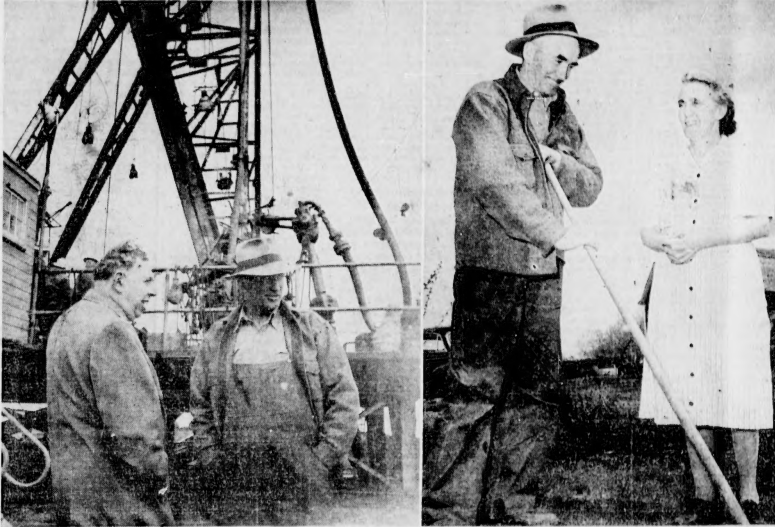

Retired Yukon Commissioner Dies In Seattle. SEATTLE, May 31.—(AP)—George A. Jechel, retired Yukon commissioner from Dawson, died of a heart attack yesterday, just a day after his arrival to visit friends and a nephew.

The 67-year-old former official was heading for Vancouver, B.C., to make his home after a trip over 20 and a half years in the Yukon. He retired in 1947 after 15 years as Yukon commissioner and 37 years of Canadian government work. He went to the Yukon territory in 1902 as a school teacher. He left Dawson last year.

Farm Yard Sees an Oil Producer

HIT-AND-MISS method Sam Cohen of Vancouver has of picking oil locations hit right on the dot as Marjorie No. 1, in Calmar's back yard, kicked in this morning. Brother Harry Cohen, Edmonton, and land owner John Engberg on whose farm well is situated, discuss other locations.

Land Cleared By Oxen Is Now Producing Oil

By Marjorie Jones
Provincial Editor

CALMAR, May 31.—A farmer and a couple of producers businessmen lovingly nursed Marjorie No. 1 through her long labor these past two days.

Today she gave birth to what may mean one of the best producing wells in the Leduc-Camrose field.

But she was a tough baby, due to unusual formation. And she was unpredictable.

Sam Cohen, king of the Armo and Noy Storie strike, her owner, brother Harry, manager of the Edmonton branch, who gave moral support, and farmer John Engberg, on whose land the well is situated, had a trying time.

She was due to kick off Monday. Brothers nervous. Nervous as expectant fathers, the brothers Cohen raced back and forth over the perilous quarter mile of dirt road which connects the well with the town of Calmar, consulting the engineer, drillers and welling especially as each week was withdrawn.

But today at 6:30 a.m.—out it came—and in all likelihood about a million dollars worth of it still lies more than 250 feet beneath the surface.

This well, one of the few independent in the field, will mean a million dollars to any one person.

Mr. Engberg sold his oil rights to Sam Cohen, but will still have a secure future in royalty checks.

He hasn't been far from the 24-month-old well on the way to hospital. Lemke, a Republican, had been in congress since 1925, with the exception of one two-year term.

Others in field. Others in the field are Calmar 116, Meadows Gale 107, Fair Hilda 112, and Hans Chawie 112.

Arrests Made In Winnipeg, Toronto

WINNIPEG, May 31.—(UPI)—RCMP today cracked down simultaneously on bogus money "pushers" in Winnipeg and Toronto, accepting eight men and three women in a two-city dragnet.

Insp. J. B. Harris said here that forces in both cities swooped down on hordes, a ring which would have flooded Winnipeg and flood-ridden southern Manitoba with thousands of dollars in bogus \$10 bills.

Three men, including William Ignat, 33, of Winnipeg, were arrested in Toronto. Investigation over the last month had led police here to have him watched. Two companions were also taken.

The Winnipeg raids started at 5 a.m. today. Eleven residences in all parts of the city were searched. Fourteen bills were discovered and five men and three women arrested. Their names were not released.

Inspector Harris said there was little doubt the bills found in the east were earmarked for distribution here. They are much the same, he said, as other phony bills passed in the last few months, except for removal of what over the series numbers and a better taking job.

He said they could be spotted by the "wet" finger test which smears the red numbers. Indications were that they were printed in the United States. Toronto officials said they were made by a ring operating from Buffalo, smashed two weeks ago.

The three arrested in Toronto were remanded on charges of possession of counterfeit money. Those here were remanded without charge.

Arrested with Ignat in Toronto were Douglas Gordon, 36, and Charles Cipolla, 31, both of Toronto.

CLOSELY WATCHED. Police say that Ignat arrived in Toronto May 21 and stayed at a downtown hotel. He had been under surveillance since leaving Winnipeg.

Police believe that Ignat went east to buy the bills to circulate in the flood areas.

Cipolla's brother, Frank Cipolla, is now serving a term in Kingston penitentiary for being in possession of \$400 in counterfeit bills last year, police said. He was arrested in Guelph, Ont.

PORK PRICES JUMP 4-6 CENTS A POUND

Higher prices paid for grade A butcher hogs and butcher cattle during the past two weeks will be reflected in retail prices.

Hogs have increased over \$3.50 a hundredweight with the possibility they will go still higher. Seasonal scarcity is given as the reason for increased hog prices.

Beef cattle have increased from \$1 to \$1.50 a hundredweight.

City retailers said today these prices have been reflected in prices paid by consumers. Pork has gone up from four to six cents a pound while beef has increased from two to four cents.

Comfort Station Takes Loss From Old Man Winter

Old Man Winter's ravages have taken a heavy toll from the comfort station.

Frost has heaved the concrete floor, and broken plumbing connections. As a result the comfort station was not open May 24.

Damage estimates has not yet been completed, and Parks Superintendent, Sandy Patterson said today he is not sure how long it will be before the station is opened.

If damage does not extend too deep facilities may be open to the public in a few days.

However, if it is found necessary to lay a complete new floor on a gravel base, it is possible the station may be closed for four weeks.

Mr. Patterson's statement resulted from a complaint that the Jordan Park facilities were not available for the public on May 24.

Labor Government Denies Charges Regarding Press

By Alan Harvey

LONDON, May 31 (CP) — The Labor government says it just isn't true that newspapers are to be restricted.

I have already resisted any idea that newspapers should be used for propaganda purposes," the House of Commons was told by Harold Wilson, president of the Board of Trade.

Wilson spoke after J. R. Rogers, Conservative member for Seven Oaks, said that in July the present average size of the national daily newspapers will be reduced to six pages.

It is said to reflect that the newspapers today are among the smallest in the world, Rogers said.

Of all the countries in Europe, only one—Germany—banned the front curtain—was worse off than Britain.

CONTRACT NOT KEPT Rogers said that Britain, three times since the war, had dishonored newspaper contracts with the government.

Wilson replied that the government had decided only the previous week to authorize the Newspaper Supply Company, a government-owned body, to negotiate import 25,000 tons from Canada in the second half of 1950.

It is understood here that E. P. Bishop, general manager of the Newspaper Supply Company, is going to Canada shortly to negotiate contracts.

Rogers said the government's decision to authorize a limited import of Canadian newspaper, after previously announcing that none would be purchased, represented a "deliberate" concession.

Archeologists Dig Old Village Site

University Students Camp At 500-Year-Old Huron Site

TORONTO, May 31 (UPI)—Students from two universities boned up on Indian lore today, ready for a six-week study of how the Redman lived before paleafaces smelted up his domain with gasoline and firewater.

Their enthusiasm spread from archeological reports of the discovery of a prehistoric village in Huron village in Ontario's Huron Lake area.

Ten students from the University of Toronto and five from McGill planned to seek what they said might be valuable historical information about the tribe when they start a six-week study of the area next week.

Led by Prof. Norman Emerson of Toronto, they planned to camp on the site.

The village site is believed to date back to 1600. It is located on the property of farmer Charles Shild, near Coburn, 90 miles northwest of Toronto.

VIRGIN TERRITORY

The location, jutting out into Huron Lake, was believed to be the last stopping place of the Hurons before they were discovered 400 years later at Huronia by explorer Samuel de Champlain.

Emerson said no previous digging had been done in the area, but from time to time, he said, there had been cases where old Indian pottery and arrow heads had turned up.

He said he believed the Hurons

Fare Battle Seen In East

WASHINGTON, May 31 (UPI)—Eastern railroads may start cutting passenger fares soon in a drive for more customers and revenue.

At least, that is the "hunch" of a top government railroad expert who said the 12½ per cent fare hike granted last November at best is only a "teaching step" against continued operating losses.

The eastern carriers, in arguing for the boost last fall, said it would cut their annual deficit from \$41,700,000 to only \$3,900,000.

But interstate commerce commission figures show that their revenue in January and February was down by \$3,500,000 from the same two months a year ago.

LOSSES GO UP

The June 15 the number of passengers was even greater on a percentage basis.

The railroads had argued that the fare hike would drive no more than two per cent of their customers to other forms of transportation.

During the 16 months before the increase, the roads were losing about 19 per cent of their coach passengers per month. The rate went up to almost 23 per cent in January and to almost 26 per cent in February.

Services Get Own Problem

OTTAWA, May 31 (UPI)—The Commons defense committee today threw a controversial group of legal obstacles to armed services' unification right back into the laps of the military chiefs of staff.

On the suggestion of Maj. Gen. G. R. Pearkes, VC (PC-Nationalist), the 25-man committee agreed to ask the chiefs to see if they can effect a greater degree of "harmonization" in certain clauses in the bill to consolidate defense legislation in one act.

These are clauses in which the bill proposes to have one law for the navy, another for the army and air force. Mr. Pearkes' proposal was approved by Maj. E. W. George (L—Westminster) and passed unanimously.

The decision followed two meetings at which members warred over clauses which Gen. Pearkes and other members said go against the unification trend. Three of them were long ones, setting out different powers of punishment for naval commanding officers as contrasted to their counterparts in the other services.

Steel Mart In 'Frenzy'

NEW YORK, May 31 (UPI)—A "stampede" for all major items and a "panic" demand for sold-out steel sheets, has made the steel market a "frenzy," Iron Age said today.

The automotive trade journal added that the factors which "pumped hysteria" into the steel market two years ago—a runaway scrap market, conversion deals, and premium prices—are present again.

The great market, however, is not a big factor, though it exists, Iron Age added.

"Scrap prices are running wild," it said. The steady advance of recent weeks has not abated into any crazy flight. No one can say how high this flight will take scrap prices, but all agree that the direction is up. Whopping price increases in No. 1 heavy midwest scrap composite price to another new high for the year. It is now \$17.25 per gross ton, to increase of \$10.40 a ton from last week.

The reason is a shortage, especially of good steel-making scrap, resulting from record-breaking steel mills, low prices last year which caused some scrap sources to dry up, conversion deals, and

NO KISSES FOR MERE MALE MP

OTTAWA, May 31 (UPI)—Mrs. Ellen Fairclough, newly-elected Progressive Conservative member for Hamilton West, boasted one of Parliament's most affectionate welcomes today.

When she took her place in Commons yesterday she was greeted with handshakes by her fellow lawmakers, then soundly bonked on the cheek by George Cruikshank, Liberal from Fraser Valley.

Mrs. Fairclough, Commons only woman member, was one of two new members to sit in Parliament for the first time yesterday. The other, George Hines (PC—Toronto Broadview) drew more handshakes.

When she took her place in Commons yesterday she was greeted with handshakes by her fellow lawmakers, then soundly bonked on the cheek by George Cruikshank, Liberal from Fraser Valley.

The site was unusual when compared with previously discovered Indian villages. Most were discovered in sheltered areas, but the ancient Huron village was located on the edge of granite rocks, he said.

South Permitted To Win In 'Two Flags West'

By Virginia MacPherson
Exclusive To The Bulletin
HOLLYWOOD, May 31 (UPI)—It took 85 years to do it, but Hollywood's finally found a way to let the South win the Civil War.

And thereby hangs a tale of "Uncle Mike's Betrayal."

Uncle Mike is an ancestor of director John Ford. And he always claimed the Yankees shanghaied him to fight on their side.

Seems Mike emigrated from Ireland in the '60s and was met at the boat by a couple of friendly strangers. They offered him a job and a streetcar motorman's blue uniform.

Uncle Mike put it on and the next thing he knew he was fighting the battle of Bull Run. Between post-holes he got to thinking. And he decided he'd been betrayed.

So he up and deserted to the confederates—becoming the only Irish brogue in a sea of southern drawls.

AVENGING MIKE

Mike made a southern sympathizer out of John Ford, who was raised in Maine and grew up to be one of Hollywood's top directors.

Frank Nugent, a Ford writer, knew about the boss's ambition to avenge Uncle Mike, so he decided to whip up a story favoring the south. And that's how he stumbled across an obscure proclamation by Abraham Lincoln.

Seems that on Dec. 8, 1863, Lincoln

LES MAJESTIE OFFENDER BACK AT HIS JOB

REBENTHORN, Eng. May 31 (UPI)—Sidney Cooper, the divorced garage man who joined a royal procession with a garbage truck and got himself fired from his job, was reinstated today.

The city council put Cooper, father of eight children, back on the payroll in line with the requests of the present and former mayors of Rebenthorn and more than 1,000 other residents.

Cooper allegedly boasted that he and his strange garbage truck got more applause than Queen Elizabeth and her entourage as the procession rolled toward the dock on May 3 to permit the Queen to launch the new aircraft carrier Ark Royal. Witnesses said that Cooper bowed and waved to the cheering throngs.

Child Crushed By Tombstone

LAKEVILLE, Minn., May 31 (AP)—William George Erikson, three, was crushed to death by a tombstone while visiting a cemetery yesterday. The child was in the cemetery with his mother and grandmother.

They said the boy wandered away while they were at a grave and was crushed by a tombstone weighing 300 pounds. It toppled over on him.

Montreal Pays Tribute To Brave Calgary Cop

MONTREAL, May 31 (UPI)—hospitable about 24 hours later. One Calgary can be proud of Constable Butler, had struck too close to his Alex Gamman of the Royal Canadian Mounted Police.

Calgary's pride was shared by thousands of Montrealers, who turned out in the thousands last night to pay silent tribute to the man slain by a murderer's bullet in a gallant attempt to foil a bandit's getaway.

Paced by the slow tap of a drummer, an impressive procession of Gamman's RCMP comrades in full regalia, and units of the Quebec Police followed the staccato march which carried his body through Montreal streets to Windsor station.

Gamman was on the final stage of his last trip—back to his native Calgary in Alberta.

Dense crowds lining downtown streets lowered their heads as the hearse bearing Gamman's body moved slowly by, draped in the Union Jack, with the 50-year-old mountie's hat and gun holster resting atop the flag.

The unknown murderer fired a bullet into Gamman at point-blank range as he ran from an attempted holdup at a downtown branch of the Bank of Toronto last Thursday.

As Gamman staggered on the sidewalk outside the bank, the slayer pumped two more bullets into his body.

The elderly mountie and Bank of Canada guard, who was off duty when the bandit shot him, died in

With Constable Butler's body lying in the morning heat to go to the morgue, the city of Calgary is now in a state of mourning. The city is now in a state of mourning. The city is now in a state of mourning.

JACOBY on Canasta

By OSWALD JACOBY
"I watched a very good player the other night," relates a Cincinnati reader, and noted that she habitually discarded cards that matched her closest canasta. For example, she would pick up a king of clubs instead of holding it, and she would discard it as quickly as she could.

"I didn't like to ask questions for fear of seeming ignorant. However, maybe you will be good enough to tell me why this king and this whether or not it was a good idea."

It will be a pleasure to oblige. First, however, let me assure you that any good player loves to answer an occasional intelligent question. Just wait until the hand is over and pose your question. The person you ask will feel flattered that you came to her (or him) for a canasta.

CANASTA ENOUGH
Now for the question itself. Suppose you have a canasta of kings including five kings and two wild cards. You are in a position to discard the king of clubs. It is not very likely that either opponent has two of those three kings in his hand, particularly if you have the third one yourself.

In a position like this, when you pick up an extra king, you can discard it with good confidence that it will not be picked up by the opponent. If you needed the king by adding it to your canasta, you would score 20 points. It may cost you as much as 20 points to discard the king instead of melding it. Wouldn't you gladly give 20 points each turn to be assured of a safe discard? Safety is actually worth a great deal more.

HITS TROUBLE
That's not all, however. Suppose you discard your king safely enough but that your next discard is picked up. Now your opponent has a king that he doesn't know what to do with. He can't meld it. If he keeps it in his hand, he has to make room for it by throwing a more useful card. If he discards it, your partner can pick it up together with any other cards there may be in the discard pile. In short, when you discard a card that matches one of your closed canastas, you are putting into the discard pile a card that your opponent cannot use immediately and that will be a thorn in his flesh if he gets it later on.

Q. We were playing two-hand Canasta. I made an insufficient meld. Can I just put the cards back in my hand without penalty or is there a penalty as there is in four-hand Canasta?

A.—There is no penalty. You may put the cards back in your hand and continue the hand as though nothing had happened. In the two-hand game you haven't helped a partner by showing your cards. If anything, you have helped your opponent. Hence there is no need to penalize you.

Photogenic Oil Tankers Elusive

Director Marin Would Rather
Deal With Star Temperament

By Virginia MacPherson

HOLLYWOOD, May 31.—(UP)—An anguished movie maker, now conducting a talent search for a photogenic oil tanker, said yesterday he'd rather take his chances with a cast full of temperamental glamour girls.

They may scream and holler and scratch and yank hair, but you can usually reason with 'em—if you can get 'em to simmer down for a minute.

But Director Edwin Marin, who is dealing with tankers now. And he pointed to the idea of starring a ship in a movie called "Risk Smoke" wasn't such a slam-dunk proposition after all.

"It has to be photogenic," he explained, "but not glamorous. It has to be big enough to hold the crew and the action—and not so big we can't afford it."

"I am an oil," he said pathetically, "who dig up two ships for 20th Century-Fox's 'Sea Wolf.' That's a ferry ride."

"All the old sea dogs up there told me I'd never do it. But I did. I've got as much respect for the crew as the action—and not so big we can't afford it."

1949 Forest Fire Losses Rise Sharply

OTTAWA, May 31.—(UP)—Canada suffered 7,066 forest fires which destroyed more than 2,500,000 acres of timber lands in 1949, according to a report issued here today by Resources Minister Robert Winter.

The number of fires marked an increase of more than 2,000 over the corresponding total for 1948.

The area destroyed was 40 per cent above the average annual figure of the past 10 years and represented a loss to governments alone, based upon stumpage duties, of some \$400,000.

The cost of fighting the fires in 1949 was figured by Minister Winter as in excess of \$1,000,000.

CARELESS CAMPERS
Statistically, the report listed careless campers and smokers as by far the greatest fire menace at large in the woods. They were held responsible for 37 per cent of the outbursts.

WASHINGTON, May 31.—(UP)—The pair of high paid Hollywood screen writers finally caught up in the law were

John Howard Lawson has a record of Communist front affiliations as long as his arm.

Dillon Trumbo has several citations in the House un-American Activities 1944 Report on Communist Front Membership.

The committee's 1946 report on Trumbo's activities today the best list of Communist, fellow travelers, stooges and suckers outside the files of the Federal Bureau of Investigation.

The Supreme Court Monday refused to review a lower court's conviction of Lawson and Trumbo on charges of contempt of Congress for refusing to answer the committee's question.

"Are you a member of the Communist party?"

Lawson was a self-proclaimed Communist sympathizer and promoter. He is on public record as having said his aim was "to present the Communist position."

Indian Film Plays Rialto

Universal-International's rough riding technicolor western, special "Comanche Territory," starring Maureen O'Hara and Macdonald Carey, opens Thursday at the Rialto Theatre.

The story opens with Bowlegs, played by Macdonald Carey, traveling west in 1880, finding a gang of ruthless bandits in the Canadian Rockies, in the hands of the Indians.

Carey becomes the Indian friend and helps them to fashion replicas of his famous knife.

The outlaw led by Maureen O'Hara's brother, beguile the Indians into turning in their firearms, then attacking them, and his Indian friend, Daniel.

Seeger, and the Comanches in the battle.

Maureen makes a last minute switch, and saves him from the Indians, saving them from annihilation by releasing a wagon loaded with rifles to them.

Dramatic finale is achieved when Carey informs Maureen, now as much in love with him as he is with her, that his friend Sam Houston needs him at the Alamo and she needs him there if he needs him.

Once There Was a...

Pull up a chair kids, and we'll spin a few yarns... They tell a good one on Bill Brinkworth, longtime head warden of the Jasper Park golf layout. Seems that one morning, the first tee being very busy, Brinkworth was hard pressed to meet the demand for caddies.

Accordingly he was grabbing everybody and anybody that looked like hired help and pressing them into service. So it was that, without so much as a second glance, he saddled a young fellow with a bag and fairly pushed him on his way up the first fairway.

Some 18 holes and three hours later, when it came time for the golfer to square up with his 'caddy,' he inquired: "How much?"

"Imagine his surprise when the young fellow replied: 'I really don't know. You see I'm just a guest from the lodge.'"

Sure enough, The over-zealous 'Brink' had put a paying customer to work.

Any baseball umpire who knows the score will tell you that this is one of his favorite stories.

It concerns one of their numbers, an oldtimer by name of 'Bull' Guthrie. One day, during the heat of the pennant chase in the American League, Guthrie, a gent with a deep voice and a hair-trigger sense of humor, called a close call on a hitter.

"Strike free, yer out," he bellowed.

Whereupon the hitter, with fine disregard for the possible effect on the crowd and the other players, tossed his bat high in the air.

Guthrie didn't waste a second.

"If that bat comes down yer out o' the game," he warned the fuming batter.

Here's a horse racing yarn that should come out for an airing about now.

A certain owner had been taking it easy with the top horse in his string. He was looking for a soft spot into which to drop the nag... wanted to get a good 'price' in the mutuels when it finally popped down.

Accordingly he was cautioning the last minute instructions before this particular race.

"Take it easy, gentlemen. We'll get another crack at this same bunch next week. If we don't finish too close to the front end today, the odds will be good and long next time. Then we'll give it the old college try."

Ultimately the jockey was instructed to "finish about fifth."

Accordingly he rode to the owner's blue-prints, dropping well back in the early going, then coming with a 'rush' in the last part to just make it into the fifth slot.

"Great. Great!" the owner (this wouldn't be any owner you or I might know, of course) commended the boy. "We'll do ourselves some good next time."

Then, as an afterthought in "Say, you can beat all those horses that finished in front of you today, can't you?" he wanted to know.

"Oh, sure," the boy replied. "I can beat all those. But I'm not so certain about the ones that finished behind us."

Then there's the newspaperman's crack, at the time (quite a few years back) of the Buddy Baer-Jack Doyle fight in Madison Square.

As Doyle, who loved to sing Irish songs, particularly Mother Macghee, hit the deck in the first round, the Fourth-Estate said derisively:

"Why the meathad should be fighting Mother Macghee, not singing her."

WIL PREXY IN DARK AS TO CALGARY BID

If, as reported yesterday, Calgary baseball interests have applied for a franchise in the Western International league, president Bob Abel, of the class B circuit, is in the dark about it.

Quered by The Bulletin, prexy Abel replied by saying as follows: "There's official has ever been submitted to me by anyone in Calgary or Edmonton regarding a franchise in the Western International league."

So?

Loser Weeper Cops Belmont Feature

NEW YORK, May 31—(AP)—Loser Weeper hightailed down the Belmont Park stretch yesterday to beat My Request by a neck in the \$59,500 Suburban Handicap.

Favored Hill Prince, Prekness winner, tackling older horses for the first time, was third, bleeding slightly from the nostrils at the finish.

Victory of Loser Weeper was one of the sweetest triumphs for his owner, Alfred Gwynne Vanderbil, who won the coveted mile-and-one-quarter test for the first time.

A bulging Millionaire Day crowd of 21,864 saw one of the tightest races in the long history of the event, first run in 1884.

Jockey Nick Combs, aboard Loser Weeper, raised the five-year-old chestnut son of Discovery Outdoors perfectly as he remained just off the starting early pace of My Request and Hill Prince, who was ridden by Hedy Wapner, veteran 25-year-old Canadian from Vancouver.

My Request held the lead going into the far turn, where he was battling head and head with Hill Prince.

Around the turn they spun with Combs letting Loser Weeper trade in on two, Loser Weeper did not pull away until the last 30 yards for his neck margin.

Hill Prince, the favorite, was 3 1/2 lengths back with My Request, and the same margin ahead of the fourth horse, Double Brandy, going away was fifth, Double sixth, and Firing Mischief last.

Winner received \$22.70, \$8.70 and \$3.30.

3 HOMERS IN A LINE

'Duke' Snider Paces Brooks

By Steve Robertson

NEW YORK, May 31—(CP)—Brooklyn Dodgers took some of the stuffings out of Philadelphia's high-flying Phil yesterday by sweeping both ends of a doubleheader before a Memorial holiday crowd of 34,700—largest of the season at Ebbets field.

Twain victory enabled Brooklyn to regain the National league lead, 16 games in the van of St. Louis Cardinals, who swept a doubleheader from Pittsburgh Pirates.

In the loop's other holiday engagements, Chicago Cubs and Cincinnati Reds, and New York Giants and Boston Braves divided doubleheaders.

Over in the American league, pre-sweeping New York Yankees dumped second-place Boston Red Sox twice, 4-2 and 11-7; the revamped Chicago White Sox measured St. Louis Browns twice, 14-2, 12-9; Philadelphia and Washington, Detroit and Cleveland split.

The Brooks were carried 10 innings before triumphing 7-6 in the first game. Duke Snider smashed three successive homers as they captured the second 4-0.

Snider just missed a fourth by four feet the last time up.

Joe Collins' home run highlighted a two-run rally in the eighth inning to give the Yankees a 4-2 victory over the Sox in the second game after they had captured the opener 11-7.

At Detroit, Hal Newhouse beat Cleveland 5-3 on a neat freethrow, after Bob Lemon had shut out the opener.

Scarborough Traded In Surprise Deal

NEW YORK, May 31—(EUP)—Memorial Day was perfect as far as baseball fans were concerned, warm and sunny, but the biggest news was made off the diamond.

It was a trade between the Chicago White Sox and the Washington Senators.

The Sox and the Senators swapped six players in one of the biggest American league deals of the year.

Washington sent their ace right-hander, Ray Scarborough, first baseman Eddie Kasker to the White Sox for second baseman Cass Michaels, pitcher Bob Kuzava and outfielder John Ostrander.

The deal was a straight player for player transaction.

Scarborough—the biggest name on the list—was being bought by both the White Sox and the New York Yankees, and their chief rivals the Boston Red Sox.

Deals between the Senators and these two top clubs just missed a couple of times in the past year.

In fact, it got to the point where Scarborough was being traded to the Yankees of trying to force a deal through newspaper stories.

The deal was completed in a telephone conversation between Scarborough and general manager Frank Lane of the White Sox.

"Although a big package deal was reported earlier between these two clubs, the inclusion of Scarborough came as a surprise."

DR. CLARE REPRESENTS LOCAL JUNIOR TEAMS

Edmonton will have a representative at the annual meeting of the Western Canada Junior Hockey league to be held in Banff at the week-end.

At a meeting of the heads of Edmonton's four athletic clubs, Maple Leaf, EAC, South Side and Canadians last night, it was decided that alderman Dr. Rupert Clare will represent the city at the WCHHL meeting.

Dr. Clare is the former president of the Edmonton Athletic club.

Trot Quisen At It Again

ARCADIA, Calif., May 31—(AP)—Proximity, eight-year-old gelding of the trotters, yesterday cracked a second world record in 30 days by winning the \$1000 Los Angeles Trot at a mile and six furlongs in 2:14 3/5.

A crowd of 34,324, largest horse draw in three years at Santa Anita park, saw the great mare add the mile and one-eighth mark to the mile and one-sixteenth standard she set May 20.

The former mile and one-eighth record was 2:14 3/5, set by Regan Hanover, who can rank in a field of six yesterday.

PLAY TONIGHT

Dodgers-Esks Rained Out

The Dodgers and their 'roses' today, the Eskimos, rested last night from scheduled Big Four Baseball league labors.

They were supposed to hook up in a regular, after a 10-minute rain squall, less than 30 minutes before the umpires were set to order the batters into action, quered the deal.

A postponement went into the records, Game has been scheduled for tonight, with play starting at eight o'clock.

Pittsburgher Willie Simms, who made his debut with Calgary Buffaloes last night, is reported to have formerly played with Kansas City Monarchs.

He cracked a double in five trips against Purdy, right-hander Gorton McQuarrie.

Vince Pesky University of Oregon baseball coach, is scheduled to arrive in Calgary today to take charge of the Buffs. Pesky is a brother of Boston Red Sox third-baseman, Johnny Pesky.

It Ted Tappe rejects Esks he will take over the Buffs, thus relieving Jack McGill for duty in left field.

... Renfrew Park grandstand is undergoing a re-roofing job.

Upwards of four newcomers will report to Calgary Buffaloes before the week is out. Apparently general manager 'Sad Sam' Timmins is determined to get a good ball club to go with the fifty new uniforms.

Calder Gus Buono had his first 'good' night at the plate since hooking on with Calgary Purdy as he smashed three hits in four trips against Buffs last night.

... At the same time third-sacker Glen Gorbout, who played with Buono at Billings, Montana, near the season, went for 'fine collar,' getting nary a safe walk in four trips.

The Tigers 4-0 on a seven-hitter in the opener.

At Boston, Johnny Sain beat the first National league to win seven games, pitching the Braves to a 7-2 victory over the Yankees in the opener. New York turned on the Braves for a 10-3 decision in the second game.

ST. LOUIS — The Browns have not produced an American league batting champion since George Sisler's triumph in 1920.

Plan Increase Signing Age Set Over by NHL Heads

MONTREAL, May 31—

(CP)—Question of a general agreement among all professional leagues to make 18 years, instead of 16 as at present, the minimum age for signing youngsters, to any form of contract or agreement was left unsettled by National Hockey league governors, in their 53rd annual meeting here yesterday.

The NHL, which is in favor of the change and further deliberations with other leagues will be carried out.

Governors moved to put a stop to banging of sticks on the boards by players.

The usual offenders are players seated on the bench who break out with a clatter and banging of sticks, or rather against a referee's decision or in jubilation over a goal or save.

Hereafter the stick-banger will get an automatic 10-minute misconduct penalty. If the referee can't determine the culprit he will order the team's coach to name a man to sit out a two-minute minor penalty.

The governors felt the practice has gone beyond all reason and has become a means of organized protest over decisions and an altogether undesirable show.

Suggestions to change the delayed-penalty rule so that no fewer than five players must be ejected on the ice at any time were rejected. The present minimum is four.

The Pacific Coast Hockey league already has decided to establish the five-man minimum.

The NHL, meanwhile, decided they will wait and see how the change works in the PCHL.

Formal approval was given to continuing the 70-game schedule, increased last season from 60.

The all-star game will be played in Detroit Oct. 7, and Lynn Patrick, who recently resigned as coach of New York Rangers, will be invited to handle the all-star squad in the annual match against the Stanley cup winners—Detroit Red Wings.

The usual cash awards accompanying various trophies are usually for competition were again approved.

Two years ago, who was succeeded by the Boston club, returns to the ice as the NHL's president.

Weston Adams who took over from Ross.

Jackowski Top Slugger

Anavel Sluggers are setting the pace in the Senior Men's Football league at Kingsway this year.

Jack Jackowski is leading the regulars with a hefty 500 average. He has hit five homers in 10 official trips to the plate.

The best average is that of catcher Tag Miller of the Anavel squad. Miller has only played one game to date but had a perfect night. The plate for an average of 100.

Following are the averages of the players:

Player	AB	R	H	AVG
Miller, Anavel	2	1	2	1.000
Jackowski, Anavel	10	3	5	.500
Serrano, Anavel	14	4	4	.286

McKinnell, Preston	15	3	3	.200
Quachon, Preston	10	1	3	.300
Selinsky, Preston	6	2	3	.500

Avenue Aces, of the Girls Baseball league, will hold a practice Thursday at 7:00 at Borden Park.

SPEEDY VINO STAR WINNER AT CALGARY

CALGARY, May 31—(CP)—Vino Star, Max Cristali's Edmonton-owned five-year-old speedster, made every spot a winning one at the Exhibition course here yesterday to capture the Fort Hills Purse.

Hustled away from the gate by jockey Jimmy Smied, Vino Star opened up a long early lead and although under a drive through the stretch lasted to win by two lengths from the favorite, Son of Sam.

The latter was cutrun early but closed with a rush after five furlongs and took place money from Alohe.

British Columbia all star squad which held them to a 4-4 exhibition draw.

"At last we've found some opposition," said star forward Stan Matthews. "It's the best football British Columbia all-star squad we've seen in Canada."

Color Rayon Damask Cloths Low-Priced

By Bea Thrifty
Rayon damask tablecloths from Holland, Ireland, Japan are selling at pleasantly low prices these wind-weary days. They're following the pastel trend to household linen beauty in powder blue, bluish pink, sun-kissed yellow and sea-spray aqua. Some are sold with matching napkins sized to the regulation 16 square inches.

Others are sold individually at prices ranging from \$1.95 upward.

A fine batch of prettier caught my raving eye today in a rain-bow assortment of shades at a price of \$1.50 each. These are rayon damask, rich-looking and easy to launder, in sizes of 34 inches square.

Of course you'll have a hard time finding a hemmed cloth at this price... but for the moment, they'll serve a whole barrel of occasions.

A word about the question of colored tablecloths for formal dinner service gives you a new-fangled idea. Seems pastel colors are quite acceptable these modern days.

Good china looks rich and glowing against a background of pale blue, softest green, bluest sea. And so frequently a delicately shaded cloth will bring life and sparkle to your silver, glass, room decorations.

Don't let yourself be a fuddy-duddy about your linens-ware ideas.

A newie to be welcomed with a break clip of hands is a finger-tip towel in assorted bright shades for a businesslike price of 10c.

These are long, thin, just of

The children will grab the end of the finger-tip towel... it is not more than one foot wide... and there's no need to fold it before returning it to the towel rack.

I kind of think you'll find them a blessing indeed. I do in my happy little vine-covered cottage.

It's wedding present season again and I've chatted with more shower-gift buyers than enough in my shopping tours today. One rich-looking friend of five-knots was buying a quantity of Swiss-embroidered cutwork runners and vanity sets.

The runners, in lovely shades of blue, yellow, rose, are cutwork-embroidered with white and sell at \$1.50 each.

Matching vanity sets of center-piece and two smaller side pieces sell at \$1.50 per threesome. Pretty, masterfully-worked, they're a welcome addition to a hope chest any old day.

WATCH OUT when you start picking things off the grocery shelf. By buying correct foods you can get twice the value.

WHY GROW OLD

Grocery Money Can Buy Double the Food Value

By Josephine Lowman
If you must count your pennies it is of paramount importance that you get the greatest health value for your money. The Cleveland Health Museum has an interesting exhibit along this line.

This exhibit shows two shopping baskets filled with wax models of the foods listed below. The basket labelled "Good" contains these things: 14 pounds whole grain cereal; 1 1/2 pounds whole wheat bread; 1 pound peanut butter; 1 pound hamburger; one bunch of carrots; one bunch of beet tops; one large number ten can of tomato juice; one tall can of evaporated milk; one pound of vitamin A margarine. This amounts up to \$2.50.

The basket labelled "Poor" contains the following items: one pound of refined cereal; 3 1/2 pounds of white bread; 12 ounces of apple pie; one pound of luncheon meat; one can of evaporated milk; two small cans of pineapple juice; one pound of

lard; one bottle of pop. This also adds up to \$2.50.

It is interesting to compare these lists. While grain cereals, carrots, vitamins, whole wheat bread, and whole wheat wheat bread also has vitamins which whole bread lacks.

Peanut butter, which is very high in vitamin B content, is associated for you, see you, a fine health food for white turnips and tomato juice - vitamin C - for pineapple juice and Vitamin A margarine for lard. Luncheon meat is mostly fat.

If you would like to have my leaflet No. 38 to Josephine send a stamped, self-addressed envelope with your request for leaflet No. 38, to Josephine Lowman in care of this newspaper.

DOROTHY DIX SAYS

Consider Our Personality When Picking Life Partner

Dear Miss Dix: I am a young man 21 years of age. I am fond of studying. Like swimming, baseball, football and other sports.

Don't dance. Dislike drinking. Smoke to excess. Can you tell me from the above description of myself what type of girl would be suited for me?

WONDERING PAT.

Answer: I should think that you would be interested in study. A girl who would be quiet and would talk about what was happening in the world. A girl who liked quiet things and who would be satisfied to stay at home at evenings instead of wanting to be perpetual "tattle" about the things of the world. A girl who was domestic, in her tastes and looked forward to homemaking as a career instead of a chore.

But how wise you are to consider before marriage the type of girl who will be required to be, instead of waiting until after marriage to find out just how rare just a suitable one may be.

The average girl is seeking a "good-looking" partner. He must be handsome and a good dancer. He must be able to give her a good time. He must be able to give her a good time. He must be able to give her a good time.

Veteran Dies At Memorial Parade

SANTA MONICA, Calif., May 31 (AP)—A Spanish-American War veteran died at the age of 87 on the way to Santa Monica's last Memorial Day parade.

Hensley, 77, was a color bearer with the rest of the Spanish-American War veterans. As the chaplain gave the invocation, Hensley fell.

A doctor said it was a heart attack.

WASHINGTON, May 31 — (UP) — Russia's offer to negotiate a long-term agreement to ship grain to Western Europe today focused attention on a cold war dilemma facing the anti-Communist nations.

But, as one official put it, they also fear that any trade agreements with tight restrictions would subject Western Europe's food supplies and its economy to the whims of one man who could push a button in Moscow and cut off the flow of trade.

Rubber Store Fire Suspected As Arson

SINGAPORE, May 31.—(Reuters)—Arson is suspected in a fire which early yesterday swept through Singapore's second largest rubber store, causing damage totaling \$1.5 million.

The United States now supplies large quantities of grain and other farm products to Western Europe under the Marshall Plan. The prospective 1952 cutoff date for the Marshall Plan was based on the assumption that there would be a revival of European trading.

Banff School Scholarships Close June 1

Closing date for annual art scholarship competitions to the Banff School of Fine Arts is Thursday, June 1. University of Alberta department of extension officials announce.

Total of nine art scholarships at \$50 each are offered the four western provinces, three being awarded to Alberta artists while two each go to Manitoba, Saskatchewan and B.C.

By covering tuition fees to the Banff School, the scholarships enable western artists to continue studies under the guidance of professional artists at the school. Entries for the competitions are due by June 1 at a committee of judges in the university department of extension.

TUTION SCHOLARSHIPS

Committee of experts in the department of extension are judging competitions for oral, pen and pencil and creative writing scholarships at Banff. Four tuition scholarships are offered to students and teachers in French for advanced studies in oral French at the Banff school.

Sum of \$425 in prizes is offered school students in all grades in creative writing competitions sponsored jointly by the Banff School and the Alberta chapter of the IOBE.

In this group nine cash prizes of \$25 and \$50 are awarded students in story, poetry and essay writing. Two top winners in these classes are then given scholarships of \$100 each to attend creative writing courses at Banff.

Entries of creative writing and French competitions closed May 15 and winners will be announced in June.

Unlucky Flood Refugee Gets Bid To Live In Edmonton

George Hogg, Scottish-born immigrant and Winnipeg flood refugee will probably be

the Canadian chance. The flood victim, located today in Montreal where he had fled after losing his home and furnishings in Winnipeg, has been invited to make a new start in Edmonton.

The invitation to come to Edmonton was tendered by Hogg's cousin, Douglas A. Strathairn, 9610-145 street, after he heard that Hogg with his wife and daughter was returning to Scotland, completely disillusioned about life in the glorious west.

Strathairn had asked the Red Cross to locate his cousin. If Hogg does come here he will be accompanied by his mother, Mrs. Jean Hogg, 70, who is sailing from Liverpool tomorrow on her way to Canada.

HOGG PLEADED
Hogg is waiting for her in Montreal and said today he "was very pleased" about the invitation to come to Edmonton.

Previously it was feared that he would leave for Scotland without knowing his mother was on her way to Canada.

Mr. Strathairn said today that he had only a five-room bungalow to share with his cousin's family. "We'll make out," he said, "I want George to try Edmonton where he should have come in the first place."

"He hasn't had very good luck since coming to Canada last year," Mr. Strathairn said he had not yet been in touch with his cousin at the Montreal apartment where the Red Cross started the search.

Oil Production Allowables Set

For Six Areas They Will Be First Set By Government

The Alberta government ordered new production allowances today in the province's oil fields, imposing them for the first time in six areas.

The allowances set under conservation regulations cover the months of June, July, August and September.

Six areas affected are Golden Spike, Whitewater, Excelsior, Stettin, Campbell and Joseph Lake.

No change was ordered for the well-established Leduc field. Average daily production is set at 73 barrels. Maximum production is set at 24 barrels per well. In the 100 barrels from each well.

At Redwater, average daily production is cut from 325 barrels to 225 barrels, with the maximum for any 24-hour period 865 barrels.

In Woodbend's lower Cretaceous field, average daily allowable is cut from 75 to 50 barrels and the maximum for any 24-hour period is 45.

FOR EACH FIELD
The first order covering the Golden Spike field, which has a 540-foot payzone, is a daily average of 900 barrels and a 24-hour maximum of 1000. Whitewater, 50 barrels on an average each day and 60 barrels as a maximum for any 24 hours. Excelsior, 175 barrels in average daily production and 210 maximum. Stettin, 210 barrels average daily production and 245 maximum for the 24-hour period.

Four wells of Redwater Leduc in the Campbell district are brought under an order of which there is no expiration date.

The Redwater Leduc Camp may produce 50 barrels on average per day. No. one, two and three wells daily production and 65 barrels as a 24-hour maximum. The company's Campbell No. 4 is held to 95 barrels on average daily production and 120 as a maximum for any 24-hour period. Joseph Lake production is held to 50 barrels on average daily production and 65 barrels maximum.

300-FOOT GAS LINE PERMIT ANNOUNCED

The Alberta government issued its first gas export permit today.

But it was a far-cry from the major export projects for which four gas pipeline companies are seeking permits.

The government announced it has authorized issuing of a five-year permit to Gordon M. Plotke, who has exported gas 300 feet into Montana from the Alberta side of the border.

Plotke had done so under a federal permit.

However, he found it necessary to obtain Alberta permission after provincial government adopted its own export legislation last year.

Securities Regulations Should Spur Investment

MONTREAL, May 31 — (CP) — The operation of securities regulations as an aid, not a hindrance, to fullest exploitation of skills and resources was outlined last night by Richard B. McEntire, member of the United States Securities and Exchange Commission.

Franc Ranks With Dollar

PARIS, May 31 — (Reuters) — The French franc looked the United States dollar in the face today and claimed a place among the strong currencies of the world.

For the first time since the Second World War the franc was as strong as the dollar in the Paris money market.

The black-market dollar was quoted at 350 francs compared with the free market official rate of 340.

ESSENTIAL FACTOR

Without this factor "our kind of economy is simply impossible of achievement."

"Without it we would be, from the standpoint of industrial and scientific progress, back some where in the early part of the industrial revolution of the 19th century."

And without security trading markets "our modern system of capital investment would be impossible as a city without streets."

One of the price contributions of modern securities exchanges is "providing liquidity, and thereby making securities investment palatable to broad areas of the public."

Anglo-Canadian Scores Gas Well

By C. V. Myers

Anglo-Canadian has made a gas discovery with its Turin Wildcat 15 miles northwest of the Taber oil pool, 25 miles northeast of Lethbridge.

The well flowed 8,000 cubic and 5,000 cubic feet a day from the Jurassic Ellis sand and 1,300,000 cubic feet from Madison.

A test from 2,675 to 2,885 feet gave a measured flow of 2,000,000 cubic feet while built up to an estimated 8,000,000 flowing steadily on a one hour test. When pipe was pulled recovery was 90 feet of oil cut water.

Official rate the well's commercial gas find and believe that some area around the well may be developed.

The Turin wildcat is now heading on to test Devonian prospects. It is the only well drilled in the Devonian in all southern Alberta south of the Stettin field.

Writer Reveals Alleged Soviet Ten-Year Plan

(Daniel De Luce, Associated Press news reporter, has just returned to his post in Berlin after a tour behind the Iron Curtain in Poland.)

By Daniel De Luce
WARSAW, May 31.—(AP)—Some Poles within earshot of Moscow assert that this is the Russian planning for the next decade:

1. Defensive consolidation in eastern Europe.
2. Dynamic expansion of influence in Asia.

But still the problem remains, and it is this: Fifty million people have to be fed and clothed, provided with the ordinary wants and reasonable luxuries of life, and carry on their part as a leading power in the world.

They haven't the raw resources with which to do it, and so they must rely on selling their skills to buy the things they need from the outside. Never could there be a more perilous economy.

But you ask, didn't the people of Britain have to do this? The answer is: "Yes, but not 50,000,000 of them."

For Britain built her modern position and increased her population on the basis that she was virtually the first of nations to become industrialized, that from a poor world she could buy raw materials cheaply and manufacture them into goods which she could sell back at a profit. In effect, she was selling her skills.

She did this well, and she accumulated wealth which she could invest in overseas and faraway countries, and as these countries prospered they received dividends on their prosperity. She also sold services, such as shipping.

These returns—mostly interest on money invested—concealed for a number of years that at current rates of exchange, Britain wasn't really paying her way.

Jap Attackers Of Yanks Tried
TOKYO, May 31.—(CP)—Eight Japanese accused of assaulting United States troops during a Communist rally Tuesday, were brought in a speedy trial today before an occupation court. The Japanese prisoners intended to charges of assault and disturbing occupation orders. They face terms up to 10 years.

Elastic shoelaces without knots to tie or come untied are now available. They adhere to each other with each step, permit shoes to be pushed off and slipped on without bother.

Illness Cuts Beaver Crop In Manitoba
THE PAS, Man., May 31.—(CP)—Northern Manitoba's muskrat and beaver crops have been decimated by an epidemic believed linked with the abnormally-cold winter, a game department spokesman said last night.

F. B. Chalmers said thousands of dead muskrats and hundreds of beaver have been found in marshy lowlands.

The disease is believed to be tularemia—rabbit fever—and has spread to at least two trappers in human the effects compare with influenza.

Mr. Chalmers said a number of diseased bodies have been sent to Winnipeg for examination. Once spot inspections would be undertaken by a field party of biologists this summer.

AFFLICTED AREA
The area afflicted extends down the marshlands of the Saskatchewan delta to Grand Rapids, Man., southeast of here on the northwest shore of Lake Winnipeg, and thence northeast in a 150-mile broad belt. Some 500 trappers operate registered lands in the area. Trappers who expected to crop 200 to 300 pelts this year took less than half their quota.

Mr. Chalmers said the department considering draining the marshlands and burning over affected areas before re-flooding.

Elastic shoelaces without knots to tie or come untied are now available. They adhere to each other with each step, permit shoes to be pushed off and slipped on without bother.

ACE, THE HORSE, proved himself an ace in hole for his owner, Alvin Hillyard, after some 1,500 transit workers left their vehicles in a strike against Georgia Power Company. Thousands of Atlantians were left facing problem of getting to and from work.

Montreal Couple Said Maltreated In Mexico

MONTREAL, May 31.—(CP)—A young Montreal couple, Mr. and Mrs. Vern Tremewen, were reported by friends today to be in Brownsville, Texas, recovering from maltreatment suffered while in custody of Mexican immigration authorities at Matamoros, Mex.

In Ottawa a spokesman for the external affairs department said the story as related in Montreal was substantially correct. There were no more details available in Ottawa.

News of the incident reached Montreal through a long-distance telephone call from friends who went to Brownsville to "pay a ransom" for release of the couple.

AFTER DISPUTE
The Tremewens are said to have been separated Saturday in the little Mexican town across the Rio Grande river from Brownsville and jailed after a dispute with immigration officials for overstaying their six-month tourist permit.

"After being thrown into a cell, an indescribably filthy cell as Mr. Tremewen described it, with 20 other prisoners, all of whom were Mexicans," the friends here said.

Two New Buildings Planned At Oliver

Nurses' Home Studied And Reception Room

Consideration is being given to construction of two new buildings at the Oliver provincial mental institute.

Provincial department of public health is investigating the advisability of building a reception room and a nurses' residence at the mental hospital near Edmonton.

Construction of the new buildings would not start this year, and approval of the expenditure would have to be given by the next legislative session.

The government is spending \$50,000 to make improvements to the kitchen of the institution this year. Another \$300,000 has been allocated to complete the tubercular wing of the mental hospital.

Biggest Pickerel Still In River

TORONTO, May 31.—(CP)—Up in the Moon river, in the Party Sound district, 140 miles north of here, there's a world record to be had for the hooking.

Pete McMillen, outdoors editor of the Telegram, says that Ontario lands department employees, stripping pickerel in the Moon river, weighed the biggest pickerel yet.

It was 23½ pounds—1½ pounds heavier than the world record.

The fish was returned alive and unharmed to the water.

Whips obtained in some "inexplicable manner" from the Moon river.

Mrs. Tremewen telephoned friends in Montreal Sunday from a Matamoros hotel where she was under armed police escort and ordered to call friends for money or her husband would be beaten to death.

Her friends said she was hysterical and in a frantic state. She begged them to take the first plane out with \$4,000 in order to ransom her husband. The woman was quoted as saying: "You've got to come or my husband will be dead by tonight."

The criminals are said to be convicted murderers who used whips obtained in some "inexplicable manner" from the Moon river.

The first official act of the Gen. Tetanus, commonly known as "lockjaw," is preventable, having produced a tetanus inoculation which is just as effective as diphtheria inoculation.
